Subject: Parent Handbook and Parent School Communication Policy for Remote Learning (Year 2021-22)

Dear Parents,

As we gear up for the new session, let me take this opportunity to extend our gratitude to the parent community for their support which enabled us to sail through a challenging academic year. Let us hope that we continue to collaborate towards a bright future for our children.

Thank you for participating in the end of the year online survey conducted by the school. You will be happy to know that we have taken some proactive measures based on your feedback to modify our approaches during Remote learning to meet your child's needs better. Kindergarten timing would be increased as requested, Saturdays would be off for EYP, and this year some planned physical activities would be part of the daily routine. Apart from these schedule changes, we have identified areas for instructional improvements which our teachers will be implementing in their teaching practices. They have been undergoing intensive summer training to improve their teaching practices to enable even more engaging and effective learning in our virtual classrooms.

We are sharing the updated '**Parent handbook for Remote Learning**', which would give you an overview of our remote learning approach and expectations. The '**Parent-School Communication Policy during Remote Learning**' will help you to revisit the processes for having smooth communication with the school.

We request you to read these documents thoroughly, and discuss any questions that you may have with your child's teacher or the front desk counselor. We look forward to having our students back.

With Warm Regards,

Mrs. Sharmistha Chakraborty
