Subject: Redbricks School Bags Two Achievements In A Row

Dear Parents,

With great pleasure, we would like to share with you about some recent achievements of **Redbricks School**.

The Education World Magazine ranked **Redbricks School** as one of the best schools in India (second year in a row), in its annual national school rankings published in September 2014. Redbricks School is ranked the 8th Best School in Ahmedabad and 11th Best School in Gujarat in 2014. This ranking is done by a reputed survey agency through an extensive survey of educationists, parents, school principals, etc., across the country.

The parameters covered in the survey are- Academic reputation, Leadership/management quality, Competence of faculty, Individual attention to students, Infrastructure provision, Value for money, Parental involvement, Internationalism, Co-curricular education, Sports education, Life skills education, Special needs education, Teacher welfare and development, and Community service.

Yet another achievement came this month in the form of an award, which will be conferred in an awards ceremony later this year. Redbricks School has been awarded the coveted **International School Award (ISA)** by **The British Council**. This award recognizes and celebrates exemplary practices of internationalism in schools.

The ISA award is a benchmarking scheme that accredits schools as having an outstanding level of support for: nurturing global citizenship in young people & enriching teaching and learning. Schools develop an action plan and implement international activities throughout the year, and collaborate with overseas schools to create a rich learning experience for students through use of ICT, creative pedagogical practices and real context for learning.

It is a moment of pride for our not only the Redbricks Team Members, but also for the Students and Parents of Redbricks Junior and Redbricks School. It is only through a collaborative effort that we have developed Redbricks Education into the quality institution that it is today.

We wish and hope for much higher achievements in the near future. We thank you for your extensive support and encouragement always.

Best wishes,

Renita Handa
