

Ref No- Cir/RBS/2017-18/No.29

Date-21/09/17

To: Parents (Class 3 and Class 4)
From: The Principal
Subject: Outdoor Educational Camp**Dear Parents,**

This is to inform you that as a part of the extended classroom learning experience, we have planned a 3 day and 2 night outdoor camp activity for the students of class 3 and 4 to **Little Rann of Kutch**.

Please find the details of the camp below.

Programme dates :16th November 2017 to 18th November 2017**Departure : 07:30 am 16th November 2017, Thursday from Redbricks School, Satellite Campus****Arrival: 06:30 pm 18th November 2017, Saturday at Redbricks School, Satellite Campus**

The camp is planned to relocate the study of environment to its rightful place enhancing the curriculum of classroom learning. The outdoors becomes a living laboratory for the learners in understanding the elements of nature available in and around us. The nature study conceived here is not so much about the learning of names and classifications but giving an inexplicable experience that would become a continuous process of learning.

The programme also aims to develop the ability to weave a story from a drop of water, to sense an adventure from the silver ribbon left behind by a passing snail, to wonder and watch with admiration the gliding and turning of the gull in flight, and to interpret the coming storm by the shape and movement of the clouds.

Little Rann of Kutch, Wild Ass Sanctuary - While at Bajana one may spot the handsome chestnut brown and white Wild Ass. The Asiatic Wild Ass locally called Gudkhur are endemic to this place, means they are found only in the Little Rann of Kachchh. Besides the Wild Ass, mammals like the Blue Bull i.e. Neelgai, Chinkara, Black Buck may also be easily spotted. Then there are carnivores like the Wolf, Jackals, Foxes, Jungle cats and Desert Cats. Little Rann is rich in the population of migratory birds too. There are Flamingos, the state bird of Gujarat that throngs the marshes and the cranes that adds life to the desolate Rann. The bird watcher's paradise Zainabad has a large number of waterfowl, waders, raptors and ground birds such as Larks, Sand Grouse and the endangered Hubara Bustard. In all, over 300 different species of birds may be spotted here. The students would get a glimpse of the rich cultural heritage of Zainabad and the Rann during their stay. The sunrise and the sunset present a spectacular sight in the wilderness of the Rann.

Accommodation

Students would be staying in Rooms on 4 to 5 sharing basis separate for boys and girls in Royal Safari Camp Bajana.

Travel Mode

Students will be travelling from Ahmedabad to camp site and back by 3x2 Non Ac bus.

Date-21/09/17

To: Parents (Class 5 and Class 6)
From: The Principal
Subject: Outdoor Educational Camp

Dear Parents,

This is to inform you that as a part of the extended classroom learning experience, we have planned a 3 day and 2 night outdoor camp activity for the students of class 5 and 6 to **Gir National Park and Wildlife Sanctuary**.

Please find the details of the camp below.

Programme dates :16th November 2017 to 18th November 2017**Departure : 05:30 am 16th November 2017, Thursday from Redbricks School, Satellite Campus****Arrival: 08:30 pm 18th November 2017, Saturday at Redbricks School, Satellite Campus**

The camp is planned to relocate the study of environment to its rightful place enhancing the curriculum of classroom learning. The outdoors becomes a living laboratory for the learners in understanding the elements of nature available in and around us. The nature study conceived here is not so much about the learning of names and classifications but giving an inexplicable experience that would become a continuous process of learning.

The programme also aims to develop the ability to weave a story from a drop of water, to sense an adventure from the silver ribbon left behind by a passing snail, to wonder and watch with admiration the gliding and turning of the gull in flight, and to interpret the coming storm by the shape and movement of the clouds.

Gir National Park & Wildlife Sanctuary is a 1412 square Km Hilly tract of dry deciduous forests, acacia scrub, evergreen and semi-evergreen flora and grasslands, fed by rivers and streams. Gir forest is the only place in the world, outside Africa, where the lion can be seen in its natural habitat. The forest also harbors a variety of smaller animals and birds. Other predators are the powerful Panther and the ungainly striped Hyena. The largest Indian Deer, Sambar, Chital (spotted deer) Nilgai (blue bull), Chinkara and the unique Chowsingha (four horned antelope) are found here, along with the bear and the long tailed langur. The beautiful Peacock, India's national bird, with its resplendent plumage is among the common birds in Gir. Another attraction is a crocodile farm developed in the forest. **Somnath** - Home to one of the 12 Jyotirlingas of India, the temple city of Somnath or Prabhas Patan is situated in the state of Gujarat on the coast of Arabian Sea

Accommodation

Students would be staying in Rooms on 4 to 5 sharing basis separate for boys and girls in Anil Farm.
