Subject: Circular related to school fees for the Academic Year 2017-2018

Dear Parents,

As you are aware, the Government of Gujarat has passed ‘The Gujarat Self Financed Schools (Regulation of Fees) Bill, 2017’ recently. It is stated that the guidelines to implement the Bill and further steps such as formation of fee regulation committee etc. shall now be initiated. The Bill also lays down clear criteria to approve the fees of a school, provided it is not over charging to create excess profiteering.

At Redbricks Education Foundation, we believe that the quality of education is one of the most important investments any person makes for the next generation. It is an investment into the future of the family and the country. The quality of education is first determined by the passion of the entire team from top to below. However along with passion, resources are equally important to make sure there are good quality teachers, infrastructure and facilities, academic and extra curricular resources in order to give the best exposure and inputs to our children. Many aspects of progressive education such as project based learning, field visits etc need significant resources for effective implementation.

Our foundation has always charged a level of fees commensurate with the facilities, resources and expenses of the institution. Our greatest asset is our team, which devotes itself with complete passion and ownership into the mission of our school: to create great future citizens of India. Our greatest reward is the satisfaction we feel of seeing our children grow up well, and the support of our parents, grandparents and all stakeholders.

We are confident that we will continue to enjoy this support. In due time, we will work as directed by the authorities to carry out the steps to get our fees approved. The Bill will still go through some steps in the legislative process and as and when the process gets completed, we will inform all parents of the final outcome and implications. Currently, you are requested to complete the payment of fees for Academic Year 2017-18, if not already done so. Needless to say, we will comply with the laws laid down by the government. Till that time, let us keep our focus on our central mission as partners, to ensure the future well being of the child.

If any parent has any queries regarding this, you may please contact **Mr. Hiren Parikh** by fixing a telephonic appointment through the Santej Counselor (9099900080), or you may attend a face-face meeting to address the queries scheduled on **8th April 2017, at 10:30 am (sharp)** at Redbricks Education, Satellite Campus.

Regards,

Mr. Raj Kumar Joshi
