Subject: Planning for AY 2021-22 : Meeting with *our founder, Mr. Aditya Handa*.

Dear Parents,

We hope all of you and your families are safe and doing well.

2020 has been a very challenging year for us, as parents and educators, with the sudden shift to remote learning. We have worked hard to adapt and rapidly evolve into a newer version of ourselves, to ensure that our children continue their journey of experiential learning, and have great fun along the way.

We would like to thank all of you for your great support to the school and our teachers during this time. This pandemic has taught us many things - the most important is the power of *collaboration* and *community*. Our strong *parent-school partnership* has helped us to continue to safeguard the quality educational experience of our children.

As we move towards the New Year, it is now time for us to come together and discuss some important issues concerning our school's future. We have always believed that '*it takes a community to build a school.*' Therefore, we value parent perspectives into major decisions affecting the school's future.

At this juncture, we invite you to a session with our **Founder, Mr. Aditya Handa**, to discuss some important aspects regarding the school's future plans, fees structure and financial sustainability, in the context of the COVID-19 pandemic. The meeting would start with an address by the founder, followed by an open platform for a two-way discussion.
