Subject: Parent Survey on Reopening of School

The year 2020-2021 has been an unusual academic year that has called for exceptional methodology and experiences. As a school, we have tried our level best to sail through all the odds and still trying to achieve the same.

We take this opportunity to thank our parent community for making this possible. With your extended help teachers were able to effectively complete the syllabus and conduct formative and summative assessments to gauge the students level of understanding and learning. While it is fulfilling to see that we have achieved our learning journey online, we eagerly await our students on the campus.

Keeping Government of Gujarat's decision to open the school for Class 7& Class 8 in mind, we would like to take the opinion of all the stake holders before taking any decision on school reopening. You are requested to fill the google form by clicking on the following link to share your inputs on the same.

Kindly fill the form latest by 26th February 2021.

The school will take all the safety measures and shall abide by all the SOPs and guidelines laid down by the State Government authorities to ensure children's well-being and health while attending physical school.

Please note that your choices in this form will be taken as an input to decision-making for the action plan towards school reopening. Based on the decisions taken by the school, we will make further communication with the parents on the same.

Thanking you.

Regards,

Mrs. Sutapa Mishra
