Date: 14/04/2022

**To:** Parents (Class 1 Satellite, Class 1 to Class 9 Santej of AY 2021-22)**From:** The Director**Subject:** School Fees for the Academic Year 2022-23**Attachment:** Redbricks School Santej Fee Structure AY 2022-23

Greetings from Redbricks School.

We hope that children are enjoying the physical schooling experience after a long experience with remote learning. We thank you once again for your immense partnership and support during the last two years of the pandemic.

We are hopeful that the coming Academic Year 2022-23 will be the start of an entire back-to-normal school year for our children. We do recognize that the pandemic is not completely behind us, and as a society we need to be prepared for any further pandemic related impact on our lives. However, we do feel that we are stronger and wiser to deal with such disruptions, especially to ensure continuity in children's schooling and learning processes.

With this circular, we would like to share with you the **Fees Structure for Academic Year 2022-23**. Please find the **Redbricks School Santej Fees Structure 2022-23** attached with this circular.

- We wish to highlight that the past year has seen cost increases across the board in the economy due to external disruptions, be it the price of fuel, food or consumables, which necessitates increasing fees in order to keep the financials of the school in balance. Keeping in mind our moral commitment to parents, we have ensured that the overall increase in total annual cost to parents is below 10%.
- There is an overall revision in the range of **9.7% to 9.8%** in the **Annual fees for AY 2022-23**, compared to the final declared fees of AY 2021-22. This includes all annually paid components- i.e. *Annual Education Fees, Life Skills Development Charges, Meal Charges and Transportation Charges*.
  - Due to the substantial increase in input costs, there is a significant increase in transportation charges and certain increase in meal charges. Please note that these charges are required to manage the actual expenses of providing these services.
  - However, the increase in annual education fees and life skills development charges is mindfully balanced to ensure that despite the significant increase in transportation and meal costs, the overall impact of the increase in total annual cost to parents is below 10% (i.e 9.7-9.8%).
- **Imprest Charges:** As before, imprest charges will be collected at the beginning of the year to avoid petty cash transactions between student and school for various activities conducted/consumable resources provided through the school in the entire academic year. More details about these charges are provided in the Fee structure sheet. These are relatively minor annual charges, and tend to be missed for payments. Parents are requested to be mindful and clear their dues on receipt of the expense statements.
- **For Class 1- Satellite Students moving to Class 2 Santej campus:** One-time charges of Class 2 Santej will need to be paid for transition to Santej campus as also intimated in last year's fee structure sheet.

We request all parents to go through the fee structure and other important information carefully. The payment towards 1<sup>st</sup> installment of the fees along with the required PDC's is to be made latest by **30<sup>th</sup> April 2022**, in order to confirm a seat for 2022-23.

Thank you for your support in building this wonderful institution.

Yours Sincerely,

A handwritten signature in black ink, appearing to read 'Milina Bose', is displayed on a light-colored rectangular background.
