

CIRCULAR FOR PARENTS

Ref No: Cir/EYC-KG/2022-23/No.11

Date: 23/08/2022

To: Parents (Senior Kg)

From: The Principal

Subject: Voluntary Contribution of Indigenous Materials for the Mega - Project

Dear Parents,

We are gearing up for another Project Approach related to '**Upcycling**' starting from **05/09/22 to 7/10/22**. It is going to be a mega project which will involve in-depth investigation of a real-world and important curricular topic and culminate in a community exhibition open for external visitors.

We believe in partnering with our parents for enhancing children's experience and learning. As parents, you can contribute in any or both of the two ways:

- 1) Visit our class during the project as a visiting expert (i.e. contribute your skills and knowledge)
- 2) Contribute unused materials to be used as materials during the project for children's exploration.

Please see the details below:

- For contributing as a visiting expert, you can fill up the below form to indicate your interest. You may indicate interest for any age group- not necessarily your child's class. Our teachers will contact you if they find your profile suitable to the project requirements.
 - <https://forms.gle/NiHcB1jxWFp4qCLWA>
- For contributing unused materials to the school for exploration, please see the possible list of materials below:
 - **Boxes/containers:-** Cardboard boxes-of all sizes (toothpaste covers,soap boxes ,gift boxes, big cartons baby food containers, etc.), empty foil and cling wrap rolls, toilet paper rolls, lids of bottles, used tin cans, egg cartons, old baskets (cane/plastic), empty bottles of all capacity(shampoo cream , cold drinks)
 - **Other old material:-** Old Newspaper, old 5 -10 litre empty oil containers, old trays, old planters, old vase, decorative material, laces, etc.

Parents are requested not to buy anything but recycle. We would also request you to please ensure that the materials are washed and cleaned for reuse.

The collection drive for the same would be from 26th August, Friday to 30th August, Tuesday. Parents are therefore requested to drop the Materials at the drop box provided near the entrance (during the respective child's pick and drop time).

Thank you for your support.

With Warm Regards,

S. Chakraborty
