**Author**

# FAQs by Parents of 9th - 12th Graders

- 1. How do I help my child to choose the right career option after school?**
  - a. Identifying the Aptitude, Personality and Interest (API) of the child is the key. His/Her comfort in particular subjects at grade 9 and 10 level and further at grade 11 & 12 level shall help us understand his/her aptitude. Observing the child while being engaged in different activities will give us an insight about his/her personality. Activities which really interest him/her will show us his/her interest area. By aligning these three aspects, we can help him/her choose the right stream. You can also take help from an Expert Career Counsellor. Get the child's API testing done at iQue Foundation. We will do Brain mapping of the child to help him/her choose the right stream.
  
- 2. What are different Career options after 10<sup>th</sup>?**
  - a. In Indian education system, there are only 4 streams available after 10<sup>th</sup>. The child can choose to take Science A-Group(Physics, Chemistry, Mathematics), Science B-Group (Physics, Chemistry, Biology), Commerce Group (Accounts, Statistics, Economics, Business studies) or Arts/Humanities Group (History, Geography, Psychology, Political Science).
  
- 3. What are the different career options available after 12<sup>th</sup>?**
  - a. For Pure Stream Degrees in Science A-Group, refer Page 6-7 of this booklet.
  - b. For Pure Stream Degrees in Science B-Group, refer Page 8-9 of this booklet.
  - c. For Pure Stream Degrees in Commerce Group, refer Page 10-11 of this booklet.
  - d. For Pure Stream Degrees in Arts/Humanities Group, refer Page 12-13 of this booklet.
  - e. For General Degrees open to any stream of 11<sup>th</sup>/12<sup>th</sup>, refer Page 5 of this booklet.
  
- 4. My Child is not good at maths, will a lot of streams get closed for him if he leaves Maths after 10<sup>th</sup>?**
  - a. No, for all the general degrees open to any stream, no mathematics is required in grade 11/12. Also he/she shall not be at loss in any general stream.
  
- 5. My child wants to take a particular stream after 10<sup>th</sup>/12<sup>th</sup> because all his friends are going in that stream. What should I do?**
  - a. Meet an Expert. Get the child's API testing done at iQue Foundation. We will do Brain mapping of the child to help him/her choose the right stream.
  
- 6. We want our child to join family business. Which course is most suitable for him/her?**
  - a. The course which he/she has the best interest in is the most suitable course. Pushing the child in a degree programme matching your family business may not be the right thing to do. Rather give him/her a course of his/her interest which will make the child smart. Subsequently, he/she will be in a position to take your business forward.
  
- 7. My Child has a very wavering mind. He/she comes up with a different choice every now and then. What should I do?**
  - a. Meet an Expert. Get the child's API testing done at iQue Foundation. We will do Scientific Brain mapping of the child to help him/her choose the right stream.
  
- 8. I want my child to take up my profession, but am not sure if he/she will be able to do that?**
  - a. Meet an Expert. Get the child's API testing done at iQue Foundation. We will do Scientific Brain mapping of the child to help him/her choose the right stream.

# Students' FAQs

## 1. What Course/Stream shall I choose if I wish to appear for IAS/IPS/UPSE/Civil Service Examination?

- Any candidate with minimum 21 Years of Age and having completed Graduation from **ANY STREAM** can appear for the Exam. Traditionally Students preferred BA as graduation because that degree gave time for preparation, but off late I see students from all fields, be it Medicine, Engineering or Commerce cracking the exam. One latest trend which I see is students go 5 Year LAW after 12<sup>th</sup> and then give UPSC Exam. This helps them in three ways: Firstly, the legal studies are in line with the study requirements of UPSC, so preparation takes place automatically. Secondly, Legal Studies also open door to Judiciary Examinations. Thirdly, even if the candidate is unable to clear the exam, he/she has a professional degree in hand and can pursue profession as a lawyer.
